Weldon, N. C., July 13.—M. A. Campbell, of Emily City, Mich., was drowned in Roanoke River at Halifax to-day while attempting to cross the stream in a small boat. The boat began to fill with water when in the swift current, and went under. His companions in the boat, Max I. Moser, of Charlotte, and M. H. that certain property known as Northside Town Hal, situated on Fourth Avenue, between Stewart and Custer Streets, in Highland Park. The lot is 100 feet front by 140 feet deep, and the improvements consist of a large two-story frame building, of about 70 feet front, with slate roof. On the first floor are two stores, which yield a good revenue, and behind the stores are several large rooms. The second floor has an additorium 40x50 feet, with stage erected therein, which is especially adapted for amateur shows, dancing, etc. The building is equipped with acetylene lighting plant, hot air heating plant and electric lights. The property is in a very desirable location, and the present building could be converted into modern flats, which would yield a big revenue; therefore, it should be very attractive, from an investment or speculative standpoint. An opportunity will be offered for examination of the property at the time of sale, or before, by appointment, and the terms, which are easy, will also be announced at sale. Further particulars may be obtained at the office of the auctioneers, on the first floor, Travelers' Building.
